

A STRONG HISTORY OF QUALITY & INTEGRITY

From residential to commercial - new, additions, renovations, repairs, or remodels - Rob Granger and Mike Carter pay special attention to the details of each project. Each project is a custom project to them. With their more than 85 combined years of experience in the construction industry, they have been able to meet the highly diversified construction needs of both commercial and residential customers in the Central Florida area. They each have held their respective state certified contractor licenses since the 1970's.

BUILDER OF THE YEAR

Mike's involvement in the local construction industry is also shown by his service to the Home Builders Association of Lake-Sumter. He has served on the association's board of directors since 1994 and has served four terms as the association's president. Mike has been voted the association's Builder of the Year four times - 1996, 2003, 2014, and again in 2016. "It's a big deal because you are awarded this honor by your peers. I'm proud to have been awarded this distinction for a fourth time over the years," says Mike.
